— = Data Not Available.

¹ Preliminary data collected weekly. See the Petroleum Supply Monthly for updated data or the Petroleum Supply Annual for final data.

² Countries reported represent the top 10 countries based on annual import volumes from the PSM data as published on 8/31/2022 from the prior year full year. Some data estimated.

³ Calculated from annualized import data of each country as a percentage of the total imports from the last full calendar year of the Petroleum Supply Annual as published on

8/31/2022.

Notes: Data may not add to total due to independent rounding. Differences and percent changes are calculated using unrounded numbers.

Data source: See page 29.
